De FabBrix™-onderdelen zijn van hout gemaakt. Als de blokken nat worden of als de luchtvochtigheid hoog is, kunnen ze onbruikbaar worden. Belangrijke opmerking: door de zeer nauwkeurige houtzaagtechnieken kunnen de blokken in eerste instantie een strakke pasvorm hebben. Dit kan het moeilijker maken om ze op elkaar te klikken en weer los te maken. Dit zal na een paar keer gebruik niet meer het geval zijn. Maak de blokken niet nat. Houd uit de buurt van water en vuur.
WAARSCHUWING: VERSTIKKINGSGEVAAR - kleine onderdelen.
Niet geschikt voor kinderen jonger dan 3 jaar.

Zo klik je de blokken op elkaar:

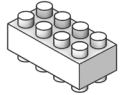

Leg de blokken parallel naast elkaar.

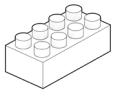

Duw de blokken volledig tegen elkaar aan.

COMPATIBLE
AVEC LES GRANDES
MARQUES**

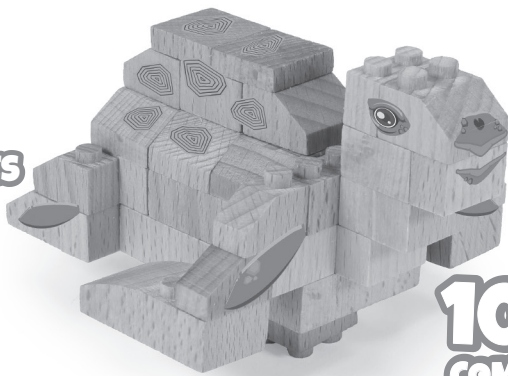

Les pièces FabBrix™ sont en bois. En cas d'immersion dans l'eau ou en présence d'humidité élevée dans l'air, la fonction des briques peut être altérée. Avis important : à cause de techniques de coupe du bois de haute précision, les briques peuvent être un peu étroites au départ. Il peut être plus difficile de les empiler et séparer. Ce phénomène disparaîtra au bout de quelques utilisations. Ne pas les mouiller. Tenir à l'écart de l'eau et du feu. **ATTENTION : RISQUE D'ÉTOUFFEMENT** - Pièces de petite taille. Ne convient pas aux enfants de moins de 3 ans.

Esto desaparecerá después de algunos usos. No los moje. Mantener alejado del agua y el fuego. ADVERTENCIA: PELIGRO DE ASFIXIA - Piezas pequeñas. No apto para menores de 3 años.
