Ⓢ Requires 4 x 1.5V AA (LR6) alkaline batteries (not included). Batteries or battery packs must be recycled or disposed of properly. When this product has reached the end of its useful life, it should not be disposed of with other household waste. The Waste Electrical and Electronic Equipment Regulations require it to be separately collected so that it can be treated using the best

available recovery and recycling techniques. This will minimize the impact on the environment and human health from soil and water contamination by any hazardous substances, decrease the resources required to make new products and avoid using up landfill space. Please do your part by keeping this product out of the municipal waste stream! The "wheelie bin" symbol means that it should be collected as "waste electrical and electronic equipment". You can return an old product to your retailer when you buy a similar new one. For other options, please contact your local council.

Ⓢ Fonctionne avec 4 piles alcalines AA (LR6) 1,5 V (non fournies). Les piles ou les batteries doivent être correctement recyclées ou éliminées. Lorsque ce produit arrive en fin de vie, il ne doit pas être jeté avec le reste des déchets ménagers. Conformément à la directive sur les Déchets des équipements électriques et électroniques (DEEE), il doit être collecté séparément afin d'être éliminé selon les meilleures techniques de récupération et de recyclage disponibles. Cette démarche réduit les risques de pollution du sol et des eaux, et permet ainsi de minimiser l'impact de toute substance nocive sur la santé et sur l'environnement. Cela diminue également la quantité de ressources nécessaires à la fabrication de nouveaux produits, et évite la saturation des sites d'enfouissement. Veuillez apporter votre contribution en ne jetant pas ce produit avec les déchets de votre commune. Le symbole de la « poubelle sur roues » signifie que ce produit doit faire l'objet d'une collecte respectant la directive sur les Déchets des équipements électriques et électroniques (DEEE). Vous pouvez également retourner les produits en fin de vie à votre détaillant lors de l'achat d'un produit similaire neuf. Pour plus d'informations, contactez votre commune.

Ⓢ Requiere 4 pilas alcalinas AA (LR6) de 1,5 V (no incluidas). Las pilas o las baterías deben ser recicladas o desechadas de manera apropiada. Cuando este producto alcance el final de su vida útil, no lo desecha como residuo doméstico. La normativa exige que se recoja de forma separada para que pueda tratarse con las mejores técnicas de recuperación y reciclaje disponibles. De esta forma, se minimizará el impacto que la contaminación del suelo y el agua causada por sustancias peligrosas tiene sobre el medio ambiente y la salud humana, se reducirán los recursos necesarios para fabricar nuevos productos y se evitará la saturación de los vertederos. ¡Colabore desechando este producto de forma adecuada! El símbolo del contenedor con ruedas significa que debería recogerse como residuo de aparatos eléctricos y electrónicos. NU utilizați concomitent baterii vechi și noi sau tipuri diferite de baterii (adică alcaline/standard/reîncărcabile). NU este recomandată utilizarea de baterii reîncărcabile, deoarece este posibilă reducerea performanțelor. Bateriile reîncărcabile trebuie încărcate exclusiv sub supravegherea unui adult. Bateriile reîncărcabile, care pot fi înlocuite, trebuie scoase din jucărie înainte de încărcare. NU reîncărcați bateriile nereîncărcabile. NU scurtcircuitați bornele de alimentare.
